

NEW MATERIAL YOU CAN USE

21ST Century Discipleship series

The 21st Century Discipleship Series is near completion and should be available by March 1, 2008. This series of 39 short discipleship lessons is geared for the new believer and will help bring them into a closer understanding of Christ and what He wants to do in their lives. The topics in the lessons are practical and relate to topics we all deal with in every day living. Written by pastors, missionaries, and church leaders, this series will be a great ministry tool to disciple a new believer and help them become a more effective believer in your church.

The World View Series

The World View Series is a great ministry tool for those who want to reach people who hold religious or worldviews other than Christian. Each booklet deals with a different belief system including **atheism, Islam, Hinduism, Animism, Catholicism**, Materialism, Buddhism, and Post Modernism (those in bold are available now). These resources will help you understand issues confronting the unsaved person and serve as an evangelistic tool to lead him or her to Christ.

IDEAS FOR YOU TO TRY

Most churches have people who are active for only part of the year or for short periods of time due to their job obligation, studies, travels, etc. They may attend services and be active in the church for six months, a year, or two at the most. When they leave you, some will be in places of great influence. Why not equip them so that when they exit your church family, they go outfitted with experience and tools for soul winning.

The Great Questions of Life (GQL) is a great evangelism resource used around the world. Many thousands have come to Christ reading it. To see a PDF version of this course, go to www.globalreach.org. For instance, the Great Questions of Life is a perfect resource to give your departing members who will live abroad. Not only that, they will more than likely be able find copies of this material in different languages and many other resources from our worldwide network of 180 national offices.
