Global University's Graduate School of Theology Logos Initiative

New Students:

Global's Graduate School of Theology has partnered with Faithlife, Inc. so that every new graduate student receives a license for Logos 10 Academic from Faithlife. This software package and library are worth more than \$8,000 (US) and include many customized aspects, including a unique set of digital books to use in your coursework while in school.

Logos Bible Software is a powerful Bible study platform that allows users to study Scripture and consult commentaries, devotionals, Bible dictionaries, and more—all from a computer, tablet, or phone.

Being equipped for a lifetime of ministry means taking practical tools after graduation. Students will receive a full temporary license until they complete a degree, after which the license is completely transferred to them. We only ask that you pay a small per-course fee (\$50 US) during your first 12 course enrollments. This fee is included in all course enrollments.

Students Starting Before 2024:

Students who started a graduate degree program before January 1, 2024 can purchase the Logos custom library and software for a one-time payment of \$500 (US). Your course enrollments will NOT include the Logos Library fee.

To learn more about purchasing the Logos custom library, contact gst@globaluniversity.edu.

20% Student Discount on all Logos resources

All students are eligible for a 20% discount on all other Logos library packages.
